

WHERE THE MONEY WENT.

The APPEAL has frequently met people who firmly believe that a good deal of Republican money went into Democrat's pockets last fall.

Probably that's why the Republican newspapers didn't get paid. The Occasional, a little paper published in Eureka also has something to say on this rather ticklish and interesting subject as follows:

It may be as charged by our Democratic contemporaries that there are Republicans who exercise undue influence in the Republican party and not always for the best, but there is no Republican boss or set of bosses in this State who ever dared to sell out the Republican party in any county of the State to advance their own private interests as the Democratic bosses did the Democratic party in Eureka and Storey counties last Fall, and as they tried to do in Humboldt County. In Eureka county no Democratic candidate for Recorder was nominated, although it is one of the best offices in the county, and no Democratic candidates for the Assembly were nominated, although staunch Democrats stood ready to take the nominations. All the above notorious facts all known to all men, especially to the aforesaid Editors, and yet they keep up this everlasting clamor about the Republican party for party purposes, instead of coming out fairly and honestly, pointing out the existing evils in both parties and joining heartily with the better men of both parties in devising measures to correct them. We headed this article with a slang phrase; we close it with one: "Drop on yourselves."

TESTING THE ACT.

According to the Silver State, Lander county purposes testing the constitutionality of the Act of the Legislature creating a State Board of Assessors and Equalization. It is the intention of the Lander Assessor to assess the Central Pacific Railroad at \$38,000 per mile. Two lawyers of Lander who have been deriving a handsome revenue from railroad tax suits and said to be at the bottom of the movement. Some of the best lawyers in the State say the act will not stand the test of the courts and advise the assessment of the roads by several county Assessors.

What good would it do for the County Assessors to assess the road? There is no such thing, as a county Assessor in existence in the State. The APPEAL several months ago pointed out that the Constitution of the State makes no provision for an Assessor and no one has so far ventured to dispute the law as laid down in the APPEAL. The question if tested in the Courts would result in sustaining the proposition that there are no Assessors provided of course that the Court would be governed by the law.

This is more however than the APPEAL is prepared to guarantee.

The Republican complains that Truckee is losing its grip and is becoming quiet and peaceful. There has not been a tar and feathering for a long time, the 601 has not had a meeting for months, and there has not been a case in the courts to create more than a temporary interest. There has been no public meetings, no shooting scrapes, no nothing. The old feeling that caused the Chinamen to leave Truckee seems to be slumbering peacefully, but at the same time there is a feeling of unrest, as though something ought to be done to exercise the dormant faculties of Truckeites.

People who looked out on the landscape yesterday, were astonished to see a level stretch of snow clean to the mountain tops. The sun sent it off the roofs and yards at a lively rate and the ground has received the benefit of a fine wetting.
